PROFESSIONAL EXPERIENCE

Process Lead – R2R

Capgemini Technology Services India Limited, Bangalore, India | Feb 2026 – Jul 2026

ERP/Tools: SAP S/4HANA, IPM, CLM

- Led R2R reporting activities across Accounts Receivable, including AR data preparation, excess cash tracking, unbilled AR reconciliations and CECL reserve bookings.
- Consolidated data across North America, APAC, EMEA and other regions to prepare reports for total reserve calculations, AR ageing analysis and supplemental reporting.
- Performed account and sub-ledger reconciliations, analyzed discrepancies and outstanding items, and coordinated timely resolution to support accurate quarter-end reporting.
- Supported revenue accounting and royalty entries in accordance with US GAAP and ASC 606 requirements, maintaining appropriate supporting documentation for reporting and review.
- Collaborated with Client SMEs and supported month-end close activities for Credit & Collections and Revenue Analytics teams.
- Prepared and maintained process documentation and SOPs for reporting activities, supporting consistent execution, knowledge transfer and adherence to process timelines.

Operations Specialist

Amazon, Bangalore, India | Sep 2024 – Sep 2025

ERP/Tools: FIN 12

- Reconciled investigation team data with physical inventory verification results, identifying and analyzing variances to ensure data accuracy.
- Consolidated reimbursement data and prepared reports for stakeholders using Power BI dashboards, providing visibility into approved reimbursement volumes and trends.
- Reviewed and validated invoices, packing slips and purchase orders to assess customer claims and determine appropriate claim resolution.
- Led the adoption of a newly introduced RCAI tool by learning and implementing the solution and mentoring 50+ new team members, contributing to the reduction of 75,000+ cases while improving the speed and efficiency of root-cause analysis.

Financial Accountant

Expeditious Associates, Bangalore, India | Aug 2021 – May 2024

ERP/Tools: Zoho Books, MYOB

- Managed end-to-end General Ledger accounting, including journal entries, accruals, prepayments, bank reconciliations, and balance sheet reconciliations to support accurate and timely month-end close and year-end accounting activities.
- Performed account reconciliations and variance analysis, investigating discrepancies and outstanding items and coordinating timely resolution.
- Prepared monthly MIS and management reports, providing financial analysis and performance commentary to support management decision-making.
- Supported budgeting and financial planning by consolidating departmental inputs and preparing budget-to-actual analysis.
- Supervised and mentored a 5-member accounting team, providing guidance on reconciliation standards and month-end closing procedures.

Finance Executive

Appfone Hub Private Ltd, Bangalore, India | Apr 2018 – Jul 2021

ERP/Tools: Tally, Zoho Books

- Prepared journal entries, period-end accruals and prepaid expense schedules to support monthly close activities.
- Supported General Ledger accounting and month-end close, ensuring accurate transaction mapping and completeness of accounting records.
- Collaborated with AP, AR, Treasury and Payroll teams to ensure accurate transaction flow and appropriate accounting treatment in the General Ledger.
- Managed fixed asset accounting, including fixed asset registers, asset additions and retirements, depreciation schedules and related reconciliations.
- Performed intercompany accounting activities, including intercompany ageing analysis and reconciliations, identifying discrepancies and supporting timely resolution.

KEY PROJECTS

- Project Velocity (Amazon) — Led backlog-reduction efforts across AWD Velocity, 3Ps Velocity, and LV Sweep 1.0/2.0/HA phases as part of a specialized team (top 2% of department), clearing significant backlog within deadlines via newly trained SOPs.
- Project Flavor 31 (Baskin Robbins – Expeditious Associates) — Managed financial reporting and reconciliation for the client account, ensuring accurate GAAP-compliant monthly close and supporting audit documentation and internal control reviews.

EDUCATION & CERTIFICATIONS

- Bachelor of Commerce (B.Com), Accounts & Finance — Bangalore University (2017)
- Certification in Tally ERP 9.0 & Desktop Publishing — Aptech

HONORS & ACHIEVEMENTS

- Best Employee Award — recognized for 2 consecutive years for outstanding operational execution and process delivery.
- Best Performer Award — recognized by major client leadership for 2 consecutive quarters.
- Operational Excellence — cleared 75,000+ backlog cases with a 100% audit quality score at Amazon, including 2,500+ cases resolved in a single month.
